KNOX REMINDS SEA VICTORY NOT DECISIVE

Naval Supremacy Around Guadalcanal Held By U. S.

American Forces In Complete Control Secretary Reports

Washington, Nov. 17.—(AP)—Secretary of Navy Knox said today that the United States clearly had won round two of the battle for the Solomons Islands, but that it "must not be forgotten" that there may be a round three.

The secretary called last week's American naval victory—which cost the Japanese 11 warships and 12 other vessels sunk and 7 ships damaged—"a major action, but not a decisive one."

"We have at the moment," Knox said in response to a press conference question, "naval supremacy around Guadalcanal."

He declined to claim more advantage than that strategically, but, commenting on the overall result of the great naval engagement since the battle of Jutland in the World War, said that it leaves American forces "in complete and undisputed possession of the (Guadalcanal-Tulagi) area and of the island of Guadalcanal and the airfield there and has caused the enemy very severe losses both in ships and personnel."

The effect of these losses, Knox said, obviously will be hurtful to the Japanese navy, but he declined to say that the Jap fleet had been crippled.

In a savage three-day conflict, that sent the foe's battered naval remnants into hiding, 23 Nipponese ships were sunk, seven damaged and possibly 20,000 to 40,000 Japanese troops were lost in the swirl of sunken transports.

First details of the battle that raged from Nov. 13 to 15 were released by the navy last night. Further reports may "boost" the staggering toll taken of enemy ships but already the victory was hailed by naval officers unofficially as the greatest of the war thus far, and perhaps of modern times.

The partial reports listed the sinking of a Japanese battleship, three heavy cruisers, two light cruisers, five destroyers, eight transport ships and four cargo ships. The American losses were given as two light cruisers and six destroyers.

Thus, in 11 months of war, Associated Press records show that 265 Japanese ships have been sent to the bottom of the Pacific as against 84 American vessels, including those at Pearl Harbor. Of these losses, 19 were Japanese warships and 50 were American. Much of the running sea fight was fought at close range and in darkness. So furious was the action that at one time two of three

YOUTH TO DIE FOR ATTACKING SISTERS

White Plains, N. Y., Nov. 17.—(P)—With a smile on his lips, Edward Haight, 17-year-old convicted killer of two little sisters, stood in county court today and heard himself sentenced to die in the electric chair at Sing Sing prison.

He stood with arms crossed as Vester County Judge Frank Joyce pronounced x x x "That you be sentenced to die by electrocution."

When the court reached the word "electrocution" a muscle twitched in the youth's face—but the smile stuck.

Sentence, set for the week of December 27, was mandatory, but because the court of appeals, which will review his conviction of first degree murder, does not convene until January, execution of the sentence, if affirmed, will be postponed until late in February.

Bridges Address At Harvard Is Defended

Reds Standing Solidly Along Wintry Front

Early War Communique Says Russians Taking Initiative at Some Points

MORE NAZIS KILLED

Moscow, Nov. 17.—(P)—The Red army killed more than 3,000 Germans in fresh fighting while holding solidly all along the wintry front and taking the initiative at some points, today's early war communique reported.

The official report said the Germans in the past two days spent 1,500 lives in futile efforts to retake an important town on the Volkhov front in the Leningrad sector where the Russians had seized the initiative and advanced after a long period of relative calm.

A like number of Nazis were sacrificed Monday in renewed attacks at Stalingrad, the communique said, and the invaders made no headway as their siege of the Volga citadel entered its 13th punishing week.

The Russians even reported that minor gains purchased at appalling cost a few days ago in one part of Stalingrad were nullified by counterattacks which shoved the enemy from a line he occupied two days ago.

In addition to lengthening the Axis death list, the communique had fresh entries of German materiel losses in the costly struggle of attrition. These included an 8,000-ton German transport reported sunk in the Barents Sea; two tanks, six guns, 17 trench mortars, 11 machine-guns and seven planes destroyed in the Stalingrad area; five German planes brought down in the Tuapse zone; and four tanks lost near Nalchik.

WAR BULLETINS
Washington, Nov. 17.—(P)—Rear Admiral Norman Scott of Kirkwood, Mo., 53, and Captain Casin Young, 48, of Coronado, Calif., were killed in the furious night naval battle in the Solomon Islands on November 13, the navy department announced today.

New York, Nov. 17.—(P)—Lieut. Willard D. Litt, 42, an aviation specialist in the naval reserve, and one of the original organizers of Time, Inc., publishers of Time, Life and Fortune magazines, was killed in action in the south Pacific, it was announced yesterday by his brokerage firm.

Moscow, Nov. 17.—(P)—A Soviet information bureau communique issued today quoted a captured German officer as saying he was a member of a "special service battalion" organized by Nazi Foreign Minister Joachim von Ribbentrop for the purpose of stripping conquered territories of cultural, historic and scientific treasures.

London, Nov. 17.—(P)—A message of congratulation on "the greatest combined operation in history" was received today by Lieut. Gen. Dwight Eisenhower, commander of the American forces in North Africa, from Lord Louis Mountbatten, chief of Britain's Commandos. An Allied headquarters spokesman said Gen. Eisenhower replied, "We owe much to the assistance we received from combined operations," which is Mountbatten's command.

SOUTHERNERS SUGGEST TEST OF STRENGTH

Opponents of Bill to Abolish State Poll Tax Challenge Leaders to Invoke Cloture Rule

ACTION FORESTALLED

Washington, Nov. 17.—(P)—Opponents of a bill to abolish state poll taxes openly challenged administration leaders to a test of strength today with a move to invoke the seldom-used cloture rule limiting senate debate.

As Democratic Leader Barkley of Kentucky maneuvered to take up the bill at a time when his motion itself would not be debatable, Senator George (D-Ga.) told reporters he had no doubt an attempt eventually would be made to obtain cloture.

"I think it would suit us all right if they went ahead and tried it," George said. "I don't believe the senate would vote for cloture."

This drastic rule, last invoked in February, 1927, when the senate was considering a bill to create a bureau of customs and prohibition, would bar any member from speaking more than an hour on the bill under consideration.

The southerners turned today to the summary of yesterday's proceedings as prepared by the senate journal clerk to find new time-killing devices to forestall action.

Senator Doxey (D-Miss.) said the group would insist upon the reading of the Journal, usually dispensed with by unanimous consent.

Yesterday the chamber turned up something new for the record books, a filibuster without the usual long speeches.

Darlan Status Is Discussed In Commons
London, Nov. 17.—(P)—A demand for a fuller explanation of United States Lieut. Gen. Dwight D. Eisenhower's deal with Admiral Jean Darlan reopened general debate in the house of commons today.

Asserting that the "strange appearance of Admiral Darlan on the scene," gave a "sinister side" to the successful North African operation, Laborite Sir Percy Harris declared:

"This has been a rather bitter pill for those who have been loyal to the cause of France under the leadership of General DeGaulle to swallow."

The demand arose after Deputy Prime Minister Clement Attlee had informed the house that arrangements with the former Vichy defense minister, now cooperating with the AEF in North Africa, had been made "with a view of the immediate military situation in North Africa."

Harris declared that the govern-

MacArthur Is In Charge Of Buna Battle

Jungle - Toughened Troops Ready To Fight For Vital Base

IS LAST - DITCH STAND

General MacArthur's Headquarters, Australia, Nov. 17.—(P)—Led by General MacArthur, jungle-toughened American and Australian troops forged within heavy cannon shot of Buna today, ready to fight the Japanese for that key base or take it by default.

The commander-in-chief of the southwest Pacific went into the field himself to direct the campaign and with him were General Sir Thomas Blamey, his commander of Allied land forces, and Lieut. Gen. George C. Kenney, his commander of Allied air forces.

Today's headquarters communique said that Australian patrols had reached the vicinity of Awala, only 30 miles by trail from Buna, with Australian and American forces closing in rapidly from the west and south against a steadily retreating enemy.

The Japanese faced either a last-ditch stand or an attempt to flee by sea. General MacArthur had been in the field during the battle of Bataan to direct active operations.

American B-25 medium bombers and A-20 attack planes teamed with Australian bombers to strafe and bomb the retreating enemy around Buna and along the Kumusi river.

PRIESTS ARE FACING ESPIONAGE CHARGES

Detroit, Nov. 17.—(P)—Two priests of the Rumanian Orthodox church, one of whom investigators said had sought to arrange entrance into the United States for former King Carol and Magda Lupescu, were indicted along with an editor of Rumanian publications by a federal grand jury today on charges of espionage.

The priests are Father Glighaeriu Moraru of Dearborn, Mich., identified in the indictment as leader in North America of the Free Rumanian movement; and Father Stephen Opreanu of Detroit. Opreanu and George Zamfir, Detroit editor of Rumanian publications, were named as agents of Moraru.

Rommel Is Still On Run

Cairo, Nov. 17.—(P)—British troops occupied the port of Derna, 150 miles short of Bengasi, and Mekill yesterday and other units of the British Eighth Army swept by to pursue the broken army of Field Marshal Erwin Rommel along the Libyan coastal road, it was announced officially.

The position of Rommel's shattered forces was not given in today's communique, but they were last reported stretched out along the road from Bengasi to El Agheila, with the mass of his battered trucks and equipment ap-

PRESIDENT TO TALK AT 10:30 TONIGHT

Washington, Nov. 17.—(P)—President Roosevelt will address the nation tonight at 10:30 o'clock, eastern war time.

The president's broadcast, scheduled in connection with the New York Herald Tribune's annual forum, will give him an opportunity, if he so chooses, to discuss recent American victories in the Pacific and in the Mediterranean.

His announced topic is "The United Nations—Their Creed for a Free World."

REDUCTION IN GAS COUPONS IS EXPECTED

Informed Government Source Says Quota in Seaboard States May Be Cut to 3 Gallons

MOVE ON TO POSTPONE

Washington, Nov. 17.—(P)—A reduction in the value of basic gasoline ration coupons from four gallons to three gallons in the 17 eastern seaboard states has been approved, at least tentatively by the Office of Price Administration, an informed government source said today.

The reduction is expected to be announced shortly along with additional measures to save fuel oil, he said. There was no indication, however, of curtailing household rations of fuel oil for heating below the present 65 degree standard, and OPA officials have expressed reluctance to do this.

The source can not be quoted by name.

The cut in gasoline rations will apply only to the Atlantic coast states whose supply is affected by acute shortages of transportation and is not expected to affect the four gallon basic ration to be instituted December 1 in the rest of the country under the nation-wide mileage rationing program, he said.

A congressional drive to postpone the nationwide rationing of gasoline, now scheduled to start on Dec. 1, was reported by its backers today to have gained strength in influential quarters.

Without disclosing the names of more than a score of congressmen he said, Representative Johnson (D-Ola.) said there was "a splendid chance" for an early hearing on a resolution he introduced yesterday to set up a three-man board to study the entire petroleum situation.

Need Of Air Raid Shelters Is Emphasized

Harrisburg, Nov. 17.—(P)—Pennsylvania Defense officials were urged today to "get busy immediately" to increase the number of air raid shelters and sirens in areas where tests have shown them to be inadequate.

The appeal came from Dr. A. C. Marts, State Defense Council Director. Commenting on the half-hour daylight air raid drill yesterday, he said reports disclosed an insufficient number of clearly marked shelters "to accommodate the number of people on the streets in daytime" and that in many communities "some citizens still couldn't hear the sirens."

Some of the county and local councils, Dr. Marts added, could improve the conditions before the next blackout, scheduled before Dec. 1.

"They should do it now, whenever necessary," he declared.

Dr. Marts said the citizens defense corps was mobilized "very promptly and fully" in the surprise daylight drill.

First Lady Returns From Tour Abroad

Washington, Nov. 17.—(P)—Mrs. Franklin D. Roosevelt returned to Washington today from a week-long tour to England.

The president's wife, who left New York October 21, arrived at a nearby airport by plane this morning and was met by the president.

In England she was the guest of King George and Queen Elizabeth and carried out an arduous inspection of military and civilian activities.

(The White House said she would hold a press conference at 11:00 a. m., Eastern War Time, tomorrow.)

When Mrs. Roosevelt left England and the route she followed returning was not disclosed,

High Spots of Campaign By Dates In Solomon Islands

Washington, Nov. 17.—(P)—High spots of the Solomons campaign by dates follow:

Jan. 24—Japanese occupied Solomon Islands.

Aug. 7—United States forces, spearheaded by marines, start offensive in the Guadalcanal-Tulagi area of the southeastern Solomons.

Aug. 8—Vital Henderson airfield on Guadalcanal occupied by American troops. Night sea battle cost United States and Australia the cruisers Quincy, Vincennes, Astoria and Canberra.

Aug. 21—Seven hundred Japanese reinforcements wiped out.

Aug. 25—Thirteen Japanese vessels damaged in air-sea battle.

Sept. 15—U. S. Aircraft Carrier Wasp torpedoed and lost while covering reinforcement of Solomons positions.

Oct. 11-12—United States lost one destroyer while sinking a heavy cruiser and four destroyers.

Oct. 13—Army reinforcements joined U. S. marines on Guadalcanal.

Oct. 21—U. S. troops repulsed six enemy attacks on Guadalcanal defense lines.

Oct. 24—Admiral William F. Halsey replaced Admiral Robert L. Ghormley in command in Solomons area.

Oct. 25-26—Japanese launched heavy land, sea and air attack on Guadalcanal, piercing American lines, but then being thrown back. Two Japanese aircraft carriers and a battleship damaged, while the United States lost a destroyer and a carrier still unidentified by the navy.

Nov. 2—American troops began ground advances on Guadalcanal.

Nov. 14-16—A series of naval engagements started which resulted in announcement November 16 that the United States navy had sunk 23 Japanese vessels, including a battleship, and damaged seven others, with a loss of eight United States warships.

Widespread Rejoicing Among United Nations Over News Draft Board Established At Lewisburg

Lenient Policy Toward Prisoners May Permit Them To Enter Service

PLANS ARE OUTLINED

Washington, Nov. 17.—(P)—The first selective service board to be set up at a federal prison has been established at Lewisburg, Pa., a government official said today, with the prospect that boards may be established at other federal penal institutions.

James V. Bennett, federal prisons director, long has advocated a more lenient policy toward prisoners to permit some of them to serve in the armed forces, and a law was enacted last year which permits the secretary of war to use discretion in that regard. This has made it possible for men with only a single conviction, provided it does not involve a major offense such as treason, rape, murder or sex perversion, to be taken into the army.

The plan for considering prisoners as draft candidates was explained as follows:

The board is established at the institution and classifies the prisoners. This classification is brought to the attention of the parole board, when a prisoner is paroled.

Movie Official Now in Prison

Philadelphia, Nov. 17.—(P)—William Fox, one-time multi-millionaire movie magnate, is behind bars today, his long fight to escape prison at an end.

The 62-year-old former producer surrendered at Moyamensing prison yesterday to serve a year and a day sentence on a charge of conspiring to defraud the United States in connection with his bankruptcy proceedings.

His attorney, Murray Becker, had asked that Fox be given an extension of two or three weeks on the ground that he is needed to supervise the Mitchell Camera Company, Los Angeles, owned by his wife. The company is engaged in war production. Federal Judge Guy K. Bard rejected the application.

Fox pleaded guilty to conspiring with Morgan S. Kaufman, Scranton, Pa., lawyer and former bankruptcy referee, and former U. S. Circuit Court Judge J. Warren Davis. Charges against Kaufman and Davis were dropped after two juries trying them failed to agree.

Fox testified that he made two unsecured loans totaling \$27,000 to Davis, with Kaufman as the go-between, while his bankruptcy case was pending before the jur-

German Report States British and American Motorized Columns Have Reached Border

SPARRING FOR A CLASH

BULLETIN

London, Nov. 17.—(P)—Reuters quoted the Algiers radio as reporting today that the Germans were driven back in the first clash between Allied and Axis reconnaissance forces in Tunisia.

BY E. C. DANIEL

London, Nov. 17.—(P)—A German report that British and American motorized forces have reached the southern Tunisian border area suggested today that the Allies might be aiming two armored spearheads into Tunisia, one toward Bizerte and Tunis along the coast, and the other through desert and mountain trails directly toward Tripoli to trap Axis forces in North Africa.

There was no word from Allied sources that the battle yet was joined, but German broadcasts said Nazi planes bombed British and American mobile columns sweeping along the coastal road from Algeria to Bizerte and in the southern border area of Tunisia.

What was meant by the southern border area was not defined, but it was believed here that as early as the middle of last week an American force from Algeria was reported moving southeast on the Bon-Saada road in the direction of lower Tunisia and a short-cut to Tripoli.

Nothing has been reported from this column so far.

Other desert trails, it was noted, lead to southern Tunisia from the Lake Chad region where Am-

Traditional Bonus May Still Be Paid

By JOSEPH A. LOFTUS

Washington, Nov. 17.—(P)—You can still get (or give) that traditional Christmas bonus, and federal approval isn't necessary.

But note that it must be traditional! In other words, this is not the year to start a bonus custom, just because business is good. It is not the year to increase it, either. Of course, if bonuses have been based on a percentage of salary, and the salary has increased, then the amount of bonus also increases, but not the percentage. But if the bonus has been a fixed amount, it cannot be increased above the sum given in the last bonus year.

War Labor Board officials also called attention today to the fact that employers who gave wage increases between Oct. 3 and Nov. 7 without obtaining board approval, have two more weeks to ask for a retroactive O. K.

Much Enthusiasm Manifested At Opening of Chest Drive

The opening meeting of the "Extension Campaign" of the Warren Community Chest held at the Young Women's Christian Association last evening was marked by enthusiasm and determination. General Chairman Harry D. Kopf opened the proceedings by calling upon Rev. E. Pinkney Wroth, President of the Warren Community Chest, to invoke divine help in the undertaking.

Before the prospect cards and supplies were distributed to the members of the Women's Division Chairman H. D. Kopf announced that he would call for reports from the Men's Divisions. He began by calling on E. H. Ley, Chairman of Division B. Four of B's five teams reported a total of \$807.00. H. N. Elmquist, chairman of the Public Employees Division, reported a total of \$817.98. Leonard G. Swanson, Chairman of the Chain Stores and National Firms Divisions, reported \$107.50. An air of expect-

Christmas Seals For Early Mailing Being Delivered

A number of local business organizations are receiving, upon their requests, yearly orders of Christmas Seals to be used on their November and December mail, according to H. M. Mohr, chairman of the Christmas Seal

Committee of the Warren County Tuberculosis Society.

"With such early and extensive cooperation from the business firms we have every hope that this year's Seal Sale will meet the financial needs of the coming year's work," said Mr. Mohr.

Many former tuberculosis patients are engaged in war industries, according to a statement made today by Arthur M. Dewees of the Pennsylvania State Tuberculosis Society. He explained that a recent federal announcement estimated that over 100,000 physically handicapped persons throughout the country, including arrested tuberculosis patients, are helping speed war production.

Employers commend the efficiency of handicapped persons, particularly ex-tuberculosis patients, when placed in suitable jobs. One of the increasing activities of tuberculosis organizations in the use of Christmas Seal funds is the promotion of rehabilitation among such patients.

Legion Is Planning Turkey Party Friday

The first of a series of turkey parties will be held by members of Chief Complanter Post, No. 135, at the American Legion Home at 8:15 p. m. this Friday.

Always popular with members of the post in past years it is hoped that the attendance at this Friday's party will be exceptionally good. The affair is open to all members of the American Legion and invited guests. During the evening a buffet lunch will be served by members of the Legion Home committee which consists of Harry Nelson, George Cobb, William Duncan and Gust Geracimos. Commander John E. Meade also wishes to call to the attention of members of Chief Complanter Post the regular semi-monthly meeting which will be held at the Legion Home on November 23rd. A number of important items are due to be considered at this meeting and a large turn-out is requested.

TRIMMING IS PROGRESSING

Work of trimming all trees along streets of the borough so that a clearance of 14 feet is afforded in going forward steadily. A large section of the city has been covered and it is hoped to finish the work soon. The trees are being trimmed so that fire apparatus and buses will not be struck by the limbs hanging low.

DRIVE IS CONTINUOUS

It is desired to call to the attention of all that the drive for scrap of all kinds is not at an end. Old rubber goods, all articles of metal especially those containing nickel and copper are desired along with discarded silk stockings and nylon stockings are a vital need. The scrap drive is continuous. The need of fate exists and attention of housewives is called especially to that.

USED NEW SET-UP

In handling the air raid test yesterday the Defense Council Workers used the new telephone set-up which has recently been worked out. It cuts down the number of telephone calls to be made and yesterday worked most expeditiously, the essential services being summoned with jock work precision. In this connection it is called to the attention of telephone users that no use of the telephone is to be made during air raid alarms and for some time thereafter as all lines must be kept open for the use of the war work.

There are already 123 students and graduates of Penn State serving on active duty.

Officers Of Defense Corps Are Named

Word has been received from Harrisburg that the appointment of T. E. Linder and James V. Scalise as First and Second Lieutenants of the Warren Defense Corps Auxiliary have been approved by Gov. Arthur H. James and commissions have been sent to them. Lieut. Linder was formerly a member of the State Highway Patrol and then Game Protector in Warren county and now is Deputy Sheriff. Lieut. Scalise served overseas in the U. S. Army during the first World War and later was in Company I, 112th Regiment. He retired a few years ago as First Lieutenant. Captain C. D. Cannon is fortunate in securing such able and experienced men to assist him.

The next meeting of the Defense Corps Auxiliary will be held Friday evening, November 20. Members are requested to report promptly at 8 o'clock. Arms will not be necessary at this meeting. First Lieut. Linder will give a talk on police duty.

New members are still needed for the company and information regarding this service is now available at the County Treasurer's office; George Irvine's store on Fifth avenue at the bridge; the B. & B. Medical Society Meeting And Dinner Was Happy Affair

The recently revised edition of the United States Pharmacopeia, standard treatise on drugs and their preparation, was the subject of a talk by Dr. Earl Biddle, of the State Hospital staff, at the meeting of the Warren County Medical Society held Monday afternoon at the Warren General Hospital.

The 12th edition of this work,

Church Heads Will Address Local Parish

At a gathering of the Woman's Auxiliary and open congregational meeting of Trinity Memorial Episcopal parish, to be held at the Woman's Club at 2:30 p. m. Wednesday, Bishop John C. Ward, of Erie, will present two outstanding speakers.

These visitors will be Robert Kemp, of Wu Chang, China, and the Very Rev. Austin Pardue, dean of the Episcopal Cathedral of Buffalo, N. Y. The meeting will be open to all interested in hearing these men.

Afterwards, those assembled will be guests of Mrs. O. W. Beatty for tea.

The rector of Trinity parish, Rev. E. P. Wroth, and Mrs. Wroth will entertain at luncheon at the club tomorrow for Bishop Ward, Mr. Kemp and the Very Rev. Pardue. Vestrymen and several others unable to attend the afternoon meeting will be guests, also.

Obituary

MRS. A. L. SCHELLHAMMER

Funeral services in memory of Mrs. Alfred R. Schellhammer, 412 West Fifth avenue, were held at eleven o'clock this morning in St. Joseph's church, the solemn high mass of requiem being celebrated by Father William J. Moore, Father Salvatore Mitchell and Father Arthur Leon. The parish choir sang the requiem mass. Bearers for interment in St. Joseph's cemetery were E. W. Johnson, K. M. Andrews, R. W. Mackay, William Schellhammer, A. C. Kirberger and Harry Broadbent.

Attending the rites from away were Miss Julia Cochener, Bradford; Mrs. Dorothy Hefren, Hartford, Conn.; Frank Cochener, Jamestown, N. Y.; Mr. and Mrs. Harry Broadbent and Mrs. Hilliard Broadbent, Kane; Mrs. Charles Moore, Garland; Mr. and Mrs. Arthur Colegrove, Corry.

At the family home Monday evening the St. Joseph parish Rosary was recited in her memory.

CHARLES DECKER

Mrs. Leslie Hanna, Jackson avenue, was informed by telegram last evening that her brother, Charles Decker, had been killed by an automobile in Brentwood, Calif., on Sunday. No details were given in the brief message and further word is being awaited.

Mr. Decker, who left Warren for the west 26 years ago, was a son of the late Peter and Rose Decker, of Smith's Corners, and is survived by another sister and two brothers: Mr. Gilbert Schuler and Herman Decker, Warren, and Frank Decker, of Akeley.

It could not be learned today if the body will be brought east but it is believed very likely that such arrangement will be made.

which was first published in 1820 and which is compiled by committees representing physicians, druggists and drug manufacturers, gives the standards to be followed in preparing drugs and lists the newer drugs and their compounds which have been proven as valuable. A revision is made every few years and articles that are no longer in use or have been superseded by other drugs are deleted. The standard is recognized by the United States government in its enforcement of the Pure Drug Law. An edition in Spanish for Latin American countries is also available, Dr. Biddle explained.

The physicians were urged to use the preparations listed as standard, especially during these times when economies must be practiced. The United States is now able to supply most of the drugs which formerly were imported from other countries.

Twenty-eight members were in attendance for the meeting, and dinner which followed. R. Pierson Eaton, president of the board, and Miss Elizabeth Lautermilch, superintendent, welcomed the group. A neat souvenir of the occasion was prepared by Miss Ella Danielson, of the hospital staff, which listed the rank and last address of the ten members of the society now in service. A copy of Dr. John Moorhead's Prayer was also enclosed.

Colonel Moorhead wrote the prayer as a tribute to the nurses and doctors who were in service in Hawaii when Pearl Harbor was attacked. He himself had been a commander of a base hospital in France during World War I and had arrived in Honolulu December 5 to talk to the medical faculty of that city. After the attack he assisted the surgeons as he had done 23 years before. A part of the prayer reads:

"Give me the instrument of my calling so that my work may be swift and accurate, but provide me with resourceful ingenuity so that I may do without bounteous supplies. Strengthen my hand, endow me with valiant energy to go on through the day and night; and keep my heart and brain attuned to duty and great opportunity. Enable me to give renewed courage and hope to the living and comfort the dying."

TIMES TOPICS

SOCIETY TO MEET

The Foster Cemetery society will meet on Thursday afternoon at the home of Mrs. Margaret Wilcox, Lander.

FROM PEARL HARBOR

Eugene Dunham, sailor on one of the United States ships acknowledged lost at Pearl Harbor, is home from the islands for a 30-day leave and visit with his mother, Mrs. William Monstrom, Rogers Mills.

NO NOON-DAY LUNCHEON

Members of the Warren Kiwanis club are reminded that there will be no noon-day luncheon Wednesday due to the fact that the anniversary-ladies' dinner is to be held at the Carver Hotel Thursday evening at 6:30 o'clock.

FRACTURES LEG

Friends will be sorry to learn that Mrs. Sarah E. Kiley, 1328 Pennsylvania avenue, west, is in the Warren General Hospital as the result of falling at her home Monday and fracturing her right leg. Her condition is reported as "fair."

CLUB POSTPONES

Members of the Brokenstraw Garden Club of Youngville are asked to note that, due to illness, the meeting scheduled for tonight has been postponed until November 24. They will be entertained on that date by Mr. and Mrs. James Hamilton.

HAD NARROW ESCAPE

Miss Leona Ralston, of Sheffield, had a narrow escape from death or serious injury while hunting in the woods near Sheffield yesterday afternoon. She stepped on a slippery rock and fell, her gun discharging. Several pellets inflicted a scalp wound. She was treated at the Warren General Hospital and is expected to go home soon.

COMPLAIN OF SERVICE

Residents of the city who use the Greyhound buses to New York and to points west are complaining that there is no waiting room open when the night buses pass through Warren. They are forced to stand in the street and wait for the buses and then flag them down. It has been suggested that the buses stop at the Carver House or the Texas Lunch both of which places are open all night and thus the patrons would not be forced to stand out in the cold keeping vigil for the buses.

TIMELY DISPLAY

One of the most interesting and timely window displays to be seen about the city is at the Gaughn Drug Store where a complete showing of blood plasma is shown. In addition to the plasma the display shows how the blood that has been stored is used in giving injections to those in need of it. The display is especially timely in view of the fact that within a few days a mobile unit for the taking of blood from volunteers will be in the city and that volunteers are now being sought. The blood collected is deposited in blood banks and used in alleviating the condition of wounded soldiers in the United States forces.

J. A. JOHNSON

Montgomery Ward's Reply to the NATIONAL WAR LABOR BOARD

November 13, 1942

National War Labor Board,
Department of Labor Building,
Washington, D. C.

Gentlemen:

We have the National War Labor Board's Order of November 5. * In this Order the Board demands that Montgomery Ward and Company enter into a contract establishing a form of Closed Shop called "Maintenance of Membership," together with a check-off of union dues from wages. Under this form of closed shop, the employees who are members of the union would not be free to resign from the union without being discharged, and Wards would not be free to retain a competent worker who had resigned from the union. This making of union membership a condition of employment is the essence of the closed shop, whatever form it may take. "Maintenance of Membership" is the starting phase which inevitably leads to the Full Closed Shop.

The President of the United States is quoted as having said, on November 14, 1941: "The Government of the United States will not order, nor will Congress pass Legislation ordering, The So Called Closed Shop."

Ward's is in agreement with this statement and believes that the Board's Order is not in accordance with the President's Principles. Ward's believes that the Board's demands not only violate the fundamental principles of Liberty but are economically unsound and are illegal under the terms of the National Labor Relations Act. If the Board's order against Ward's is enforced, the pattern will be established by which all unions in all industries can secure a form of Closed Shop and check-off merely by appealing to the War Labor Board.

The Board further ordered a form of compulsory arbitration for Ward's. Ward's is not opposed to voluntary arbitration. However, Ward's management should not, as demanded by the Board, abandon responsibilities which have been vested in it by the owners of the corporation, and so surrender to outside arbitrators the final decision on all matters which the union may wish to treat as grievances.

The Board further ordered that Ward's guarantee its wages and other working conditions for a one-year period. Ward's believes that a fixed duration of one year is unsound in these uncertain times.

Ward's operates in a highly competitive field composed of 1,750,000 retail establishments. It is unfair to impose burdens upon

Ward's and not upon those with whom it is in competition.

Ward's efforts to preserve the essential freedoms between itself and its employees have not been prompted by any feeling of anti-unions or the report of the mediation panel expressly reorganizes this fact.

Ward's policy has been to obey the law. Ward's has 29 union contracts with both A. F. of L. and C. I. O. Unions.

Ward's has already given its employees the increases in wages previously recommended by the Board. Ward's did this even though its wages were already as high as or higher than those prevailing in the industry and had been increased an average of over 21% since January, 1941. Ward's is willing to include these increases in a contract with the union. There is no issue over wages.

The War Labor Board was created by the President to replace the old Defense Mediation Board. The Mediation Board was destroyed by the resignation of the union members following the Board's vote of 9 to 2 against the closed shop in the captive coal mine case. The War Labor Board, in name only, is composed of representatives of the unions, of industry, and of the public. That union representatives are men chosen for leadership by the unions, and have actually protected the interests of the unions.

On the other hand, neither industry nor the public have had any voice in the selection of those who presumably represent them. By their decisions, the supposed representatives of industry and of the public have because of inexperience, prejudice or lack of understanding, abandoned the interests of those whom they were appointed to represent.

Under the Constitution, Congress is the sole law-making authority. If closed shops and compulsory arbitration are to become requirements upon employers, it is Congress and not the War Labor Board which should make them so. Congress has not empowered the Board to order any employer to do any of the things it demands of Ward's.

Accordingly, Ward's rejects the order of the Board. If Congress imposes closed shops, compulsory arbitration or contracts for a year's duration on employers, or if the President of the United States, as Commander-in-Chief in time of war, directs that Ward's accept the Board's rulings, which we earnestly believe are illegal and uneconomic, we will respectfully obey.

Yours very truly,

SEWELL AVERY,
President

AIR RAIDS AND FOOD

In connection with Monday's surprise air raid drill it is timely to call attention to a warning just issued by the State Council of Defense which says that there are four major factors resulting from air raids that may cause contamination of food in the home.

The warning, based on studies made by the U. S. Office of Civilian Defense, was coupled with a statement from Mrs. Conway Zirkle, chairman of the Council's Advisory committee on Consumer Interests and Mrs. E. A. Van Valkenburg, Chief of Service Corps for the Council that "proper precautions will eliminate much of the danger of food spoilage."

The main causes of food contamination were listed by the O. C. D. as (1) flying glass, (2) smoke and gases from exploding bombs and shells, (3) dust raised by nearby explosions, and (4) chemical warfare gas.

"In the home, the safe rule is to keep all foods commonly stored in the open—potatoes and other vegetables, cereals in paper cartons cured meats, etc.—in closets, heavy cupboards, closed wooden bins, or other places where they cannot be reached by flying glass," the O. C. D. report said. "Care should be taken in storing food so that it is placed in such a manner that it will not be shaken from shelves and the containers broken by falling."

Referring to perishable foods, the O. C. D. revealed that the ordinary type refrigerator is adequate protection against gas and other dangers if the door forms a reasonable airtight seal.

AVIATION CADETS NEEDED

Elsewhere in this issue officers of the Warren Lodge of Elks call attention to the fact that there is at present an opportunity for teen-age youths to qualify for one of the finest branches of the American Fighting forces, in the Aviation Cadets.

H. D. Baker, exalted ruler of the Elks, has received a letter from First Lieut. H. L. Keebler, at Erie, stating that he has been instructed to ascertain the number of applicants or interested civilians who desire to take examinations for enlistments in this branch.

The processing of teen-age boys for induction through Selective Service is to start almost immediately. Before that time arrives such boys may choose any branch of service and it would seem that there should be many youths in and around Warren who would desire to try for Aviation Cadet enlistment.

The three-day bear season opens tomorrow and those hunters going into the woods to seek out the bruins might take a lesson from the following editorial comment which was just received today: Two deer hunters made headlines by being killed, which is not news. The angle is that they were not victims of careless shooting by other hunters. Any year is a good one to be careful where one is shooting, and what. This is a particularly good year in which not to help Hitler by killing Americans, even by accident.

School officials are entitled to a word of commendation, even if a little belated, for the flawless manner in which the registration for gasoline rationing cards was conducted last week. The difficult assignment, accepted from a purely patriotic interest, was accomplished by the staff with a minimum of inconvenience or delay to motorists who called to sign up, due mostly to the thorough manner in which the arrangements had been completed.

Scarcity of trained labor has struck the personnel of another public service, it is noticed in an announcement which states that until further notice is given the Public Library will close at six o'clock each Saturday evening. Cooperation of library patrons in this wartime restriction of privileges is asked by the Librarian Leon I. Jones.

If you haven't already signed up in that "Extension Campaign" for the Community Chest, better be prepared. A hundred workers are already combing the town for pledges, and you're going to be solicited.

Bout time we started to do something about air raid shelters isn't it?

One of the finest costumes for a cold night is a blanket with a tuck in it—at the neck and feet.

Could it possible be that Monday's balmy weather was the start of Indian summer?

"Brother, I'm Getting a Smile Out of This, Too"

Washington in Wartime

By JACK STINNETT

WASHINGTON—Wartime Capital:

The recent elections produced some funny ones (both ha-ha and peculiar) but none stranger than the case of Senator Joseph H. Ball, Governor Stassen's senatorial right-hand in Minnesota. Senator Ball was appointed by Governor Stassen in October, 1940, to serve the unexpired term of the late Senator Lundeen. Coming up for re-election, Ball ran for the six-year term which starts in January, 1943, but he didn't run for the period between "the first general election" and the start of his new term. Arthur E. Nelson did and got elected. So Senator-elect Nelson will serve for a month or so and retire then in Senator Ball's favor.

This, of course, won't be any news to the folks in Minnesota, but maybe there's something they don't know. Senator Ball will lose his seniority on six important senate committees. And not only that, when he comes back in January, so far as seniority is concerned, he will be just another "freshman senator."

SOMEBODY ought to pin a home front medal on Steve Vasilakos, the White House corner peanut vendor.

You remember Steve. He's the best known peanut man in the country. He's Greek, with recent-

ly acquired citizenship papers of which he is very proud. He's Washington's favorite street corner philosopher. (Probably his greatest observation was made when criticism of the President was running very high. Somebody asked Steve what he thought about things. "That Man doesn't tell me how to sell peanuts; why should I tell him how to run the government.")

He's also a patriot who knows how to apply his patriotism. When AHEPA, the Greek society in America, launched a War Bond sales campaign, Steve announced he would give a sack of peanuts free with every bond bought from him.

THE crowds around his stand on the White House corner got so thick that the Secret Service started an investigation. It was discovered Steve didn't have a license to peddle War Bonds on the street. That didn't stop Steve. He got a license a couple of days later and was back at the old stand for "business as usual."

Then Steve became ill and had to go to Emergency Hospital. But that didn't stop Steve either. Friends over the country and in Washington heard about it. They started mailing in orders for bonds. With the help of a pretty, dark-haired secretary, lent him by AHEPA, Steve is still doing business—and big.

Man About Manhattan

By GEORGE TUCKER

NEW YORK—O. Henry would have liked this story told by Howard Townsend, a husky, bespectacled gentleman from Nebraska who sits at the nerve center of the AP Wirephoto system.

When Howard was a youngster in rural Nebraska his show-going was limited to revival meetings and summer chautauquas, so instead of the Girl on the Police Gazette he worshipped the stars of the sawdust trail. One of them was Maude Kendall Mailey, who sang both for evangelists and in chautauqua throughout the midwest.

It was a great day for Howard when in 1921 his parents were invited to Maude's home at Lincoln, Neb. He could see and hear, and mingle with the stars of Broadway, and when he saw George Jessel's vaudeville review he was thrilled, he says, by the sweet singing of one Lucille Norman. It was just like in the old days, listening to Maude Kendall Mailey in a chautauqua tent in Nebraska.

And then, at a supper party, he met Lucille Norman. The talk became reminiscent, because midwesterners in New York love to talk about their homes. Lucille Norman smiled. "I was that baby

you held on your lap," she said. "My last name is Boileau."

MAYBE you other chautauqua fans would like to know, as Howard learned, that Maude Kendall Mailey still is alive, and that her home is in Culver City, California. Howard thinks her daughter can't miss. The Jessel show is Lucille's first stage appearance of any importance, but she has done considerable radio work, here and in Denver and Cincinnati. Last Dec. 7 her big chance came on a national hookup, and she was just beginning her song when the program was cut for a special news bulletin. You don't have to be told what it was about. But a film talent scout had heard enough and Lucille was signed for a part in "For Me and My Gal."

CANNY Xavier Cugat, who never misses a chance to earn a honest penny, owns a new orchestra. He sees a coming trend in music, and he intends to be on the ground floor. The new band, directed by a pretty girl who calls herself Dolores, had its opening at the Essex House hotel the other night and it did rather well, I thought.

What makes the band unusual, and Mr. X alert, is that the new Latin-jazz band directed by Dolores has both male and female musicians. Cugat already has lost six men from his own band (make no mistake, Cugat's band is still very much in business) to the armed services, and he thinks that before the war is over there will be a lot of mixed bands.

WAR QUIZ

1. This Army insignia obviously is worn by members of the infantry. What type of infantry?

2. Buy U. S. War Bonds and Stamps. You don't hear much about them, but our submarines are in thick of the battle of the oceans. How many \$18.75 bonds (maturity value \$25 each) do you think it takes to buy one 1500-ton submarine?

3. What are two different uses of the word "range" in the Army?

Their Silver Pilot Wings Have Sprouted

Pledging fliers but a few months ago, this group of fully-grown Axis busters is ready for a crack at Hitler, Hirohito et al. The picture shows a group of graduates at Ellington Field, Texas, about to man their twin-engine advanced training planes. They received their silver pilot wings and commissions in the Army Air Forces today. Similar graduations took place simultaneously at the six schools in the Gulf Coast Army Air Forces Training.

Plaque In Honor of Spring Creek Men Is Dedicated

Girl Scouts Arranged Special Ceremonies Held In Congregational

Little Spring Creek can proudly boast of probably as many boys in the service for its size as any community in the county, its service plaque, carrying the names of twenty-three boys in the various branches of the armed forces, being dedicated at appropriate ceremonies at the Congregational church there Sunday morning.

The Girl Scouts of Spring Creek sponsored the exercises, which were held in the church, and the church well filled with relatives and friends of the boys.

The regular worship service was augmented by the following program:

Song, "Star Spangled Banner"—singing.

Dedication address—Rev. John Waite, pastor.

A hymn of prayer for those in active service—Mrs. John A. Waite.

Unveiling of the plaque—Girl Scouts.

Reading of the names of the boys in the U. S. Army, as follows: Edgar Taylor, Robert Damon, Cecil Bates, Elmer Tripp, Truman Lile, Howard Davis and Lawrence Morton. An "eagle" symbolic of the Army was placed on the plaque.

Trumpet duet "The Caissons Go Rolling Along"—Wendell Gage and Mrs. Clarence Lowe.

Reading of the names of the boys in the U. S. Navy, as follows:

Warren Relief Aiding Many

The Warren Relief Association, the oldest benefit organization in the county, still has many needy people who depend upon it for relief. Each year the donations of generous public help the less fortunate among us.

Relief is now afforded 294 families, including 49 widows and 32 dependent aged persons. These we have with us always—and there are families where the head is ill and unable to work. Such people must be cared for regardless of their conditions.

This year, aside from food which are always welcome, there is an urgent need for children's shoes and rubbers; usable heavy winter clothing of all types for children and adults—and an especial call for bedding.

Won't you please start now and send together those things from your possessions that you feel you can spare?

Face Sentence as Traitors

Here are the three men who along with their wives will be sentenced in Chicago Friday for aiding the Nazi saboteurs who landed from a German submarine on the east coast. Handcuffed to deputy U. S. marshals, left to right, are Hans Haupt, Otto Wergin, and Walter Froehling.

Induction Of Teen-age Boys Is Directed

Pennsylvania's 422 Local Draft Boards have been authorized to start immediately the induction of 18 and 19-year-olds.

A notice from Col. B. F. Evans, acting state selective service director, said:

"Amendments to the selective training and service act making male persons 18 and 19 years of age liable for training and service having been signed by the president, local boards are authorized to immediately begin sending questionnaires to registrants of these ages."

Approximately 215,000 youths from 18 to 20½ years were registered last June and those who have not already received questionnaires on reaching the 20½ age now will receive them.

Many Wrong Impressions On Rent Rules

It has come to the attention of the Area Rent Office in Warren that several misconceptions of the registration requirements have resulted from the proverbial grapevine rumors. An example of this is the understanding that homeowners occupying their own homes must register such properties. This is not true. Another misconception has to do with future rentals. If in the future an individual may decide to rent a room, an apartment or home to another individual, they may do so—providing that they register that property at the Area Rent Office within thirty days after the rental of such a unit.

The latest rumor stated that such units should be registered now or they could not be rented for the duration. This statement is not true. Only properties rented or on the present rental market need be registered immediately. Should any question regarding the Maximum Rent Regulation and its procedure arise, please phone the Rent Office, 1980 for accurate information. It will save many misunderstandings.

Registrations for Warren county are just about complete—total to date being approximately 3400. The approximate number of vacant dwelling units in the county totals 250.

OUR MEN IN SERVICE

NOT PERMITTED TO PRINT ADDRESSES

Because of the great number of requests received to print in full the addresses of Warren men in the armed forces, it is stated today by the Times-Mirror management that such procedure is not permitted under the code of wartime practices and such information must be secured directly from families or friends of the men concerned.

Among Warren soldiers home on furlough is Pvt. Frank Rich, visiting his family on Lexington avenue.

Pfc. Forrest Curtis, with a cavalry unit at Camp Livingston, La., is home on 15-day furlough with his wife and family.

Second Lt. Robert W. Greer, who was graduated from officers' candidate school at Fort Benning, Ga., on November 11, is here on leave to visit Mrs. Greer's parents, Mr. and Mrs. C. I. Cederquist, Prospect street. Accompanied by his wife, he spent the past weekend in Johnsonburg with his mother. Enlisting in Company I two years ago, he is the third of his family to enter service in the current conflict.

Pilot Cadet E. L. Highhouse, son of Mrs. Gertrude Highhouse, of Jamestown and formerly of Warren, was recently commissioned a second lieutenant in the Army Air Forces at Turner Field, Albany, Ga., according to announcement by Col. John B. Patrick, commanding officer.

In town Monday while on leave with their parents, Mr. and Mrs. A. Kavinski, of Clarendon were Sgt. Stephen Kavinski, of Blackland Army Flying School, Texas, and Charles Kavinski, apprentice seaman from the Great Lakes Training Station.

Fresh off the press comes the latest edition of Star and Garter, printed weekly by and for the 112th Regiment, somewhere in Louisiana. Well written and profusely illustrated, its six sheets make interesting reading for those in and out of service.

Sergt. Pilot Lawrence, W. J., an instructor with the Royal Canadian Air Force at Exeter, Canada, spent several days with Mrs. Gerda Lawrence and child, 17 West Third avenue.

In addition to its boundaries on the Great Lakes, Canada has nine large lakes more than 100 miles long.

For a Long And Happy Life

BY PAUL BRAUNSCHWEIGER
of the Mullen Drug Co.

That your days "may be long in the land," and happy as well, good health is the first requisite. A normal appetite for wholesome food, sound sleep, enjoyment of honest repose are due every person.

The price of good health is vigilance. Not anxious, fussy perturbation, but reliance upon the doctor's skill and advice. Periodically every man, woman and child should consult a trained physician and as the years increase, particularly after the age of forty, these examinations should be more frequent.

This is just good health insurance. Good pharmacy pays an extra dividend on that insurance.

NELSON-BLODGETT RITES OF INTEREST
Sheffield, Nov. 17—The marriage of Wilma Blodgett, daughter of Mr. and Mrs. John Blodgett, Dunham street, to Robert Nelson, son of Mr. and Mrs. Frank Nelson, Ludlow, took place Saturday evening at the bride's home. Rev. Ivan Rossell performed the ceremony, which was followed by a reception for the immediate families and intimate friends. Mrs. Clarence Johnson, of Erie, presided at the pretty tea table.

The bride wore aqua crepe with gold sequin trim, gold and black accessories and a corsage of white roses and pompons. She also wore a gold brooch which had belonged to her grandmother. The bridesmaid was Miss Marie Nelson, of Bradford, sister of the bridegroom. She wore gold crepe, brown accessories and bronze pompons. Monroe Blodgett was best man. Mrs. Blodgett wore aqua, with black accessories and bronze pompons and Mrs. Nelson wore brown, red and brown accessories and yellow pompons.

After a brief wedding trip, the couple will reside at 47 Mill street, Port Allegany. The bride is a graduate of the local high school, class of 1938, and Mr. Nelson was graduated from Ludlow High School in 1935.

FINE SPEAKER FOR COLLEGE CLUB SESSION
"Your Food and You" was the subject of an interesting and instructive talk given by Miss Lydia Tarrant, nutrition specialist from Pennsylvania State College, at the November meeting of the Association of College Women, held at the home of Mrs. David W. Beatty, 312 Conewango avenue.

The speaker talked of the increasing interest in nutrition problems and their importance during wartime, discussed vitamins and their sources of supply and, by demonstration, showed the relative food value in milk, eggs, oranges, tomatoes, potatoes, cabbage and fish.

Mrs. Thelma Prendergast was chairman of the evening's program and Mrs. H. L. Banghart headed the following hostess committee: Miss Maybelle Baird, Mrs. F. C. Eaton, Mrs. Gail Hamilton, Mrs. L. L. Hunter, Mrs. H. R. Lewis, Miss Florence Lund, Mrs. R. W. Mackay, Mrs. Walter G. Meyer, Mrs. William J. Moore, Miss Florence Shawkey and Mrs. R. L. Young.

The next meeting will be a Christmas dinner at the Philomel Club and will be in charge of the chairman, Mrs. J. A. Davidson, and the hostess, Mrs. Aaron Lopez.

OPEN MEETING OF PHILOMEL CLUB
Miss Lillian Larsen is chairman of the open program-meeting of Philomel Club Wednesday afternoon and has arranged the following numbers:

YW Board Members Hear Of Activities And Plan For Future

Fifteen members of the YWCA board attended the November meeting, conducted Monday evening by Mrs. Carl Lundahl. After leading devotions, Mrs. H. C. Warren reported for the religious and world fellowship committee on the program carried out for World Fellowship Week. She stated that gifts for girls in war work centers to date amounts to \$64.84 and it is the hope of the committee that this sum may be greatly increased before the end of November.

It was shown 60 new members had been accepted for the association and the statistical report for the month showed an attendance of 2,736, not including those who came to the cafeteria each day, and that 28 different organizations had held meetings in the buildings during the month.

Girl Reserves reported an interesting time making scrap books for the USO and other social service work. Business girls reported carrying out national recommendations on talks and discussion of local and international policies. It was stated Dr. H. C. Warren will be the speaker for the All-We-Je meeting Thursday evening of this week and on Wednesday all business girls will meet at 6:30 with Mrs. Helen Southard. Board women and others interested will meet at 2:30 Wednesday to discuss various plans with Mrs. Southard who comes from national headquarters. The Mothers' Club of the YW will meet at two the same afternoon to sew for the camp department.

Silk Stockings And Tin Cans Will Head Items For Discussion

Mrs. H. W. Conarro, 310 West Fifth avenue, is entertaining the Warren County Consumers' Advisory Committee at tea at her home at 2:30 p. m. Thursday, when plans will be made for the opening of a countywide silk stocking drive.

Heretofore Metzger - Wright's store has been the only depot for collecting old silk stockings. Now the Woman's Club has given a room for assembling and packing them and the Girl Scouts have consented to help in the drive.

Plans for collection of tin cans will come before the committee, also, as well as a discussion of ways and means of educating women in food conservation and use of food substitutes.

To bring him home sooner

Natural gas and all industry are working night and day for Victory ... at the earliest possible hour

To end this war in victory at the earliest possible hour is the hope of every family, every business man, every worker.

You, too, want the war to end quickly . . . because then HE can come home and resume his normal place in your home life.

Behind all our war production is the steady flame of Natural Gas. Without Natural Gas, war production would halt. That's why every possible step is being taken to see to it that Natural Gas is available to every war plant as needed.

So in your own use of Gas, consider how you may conserve it . . . as just another way in which you can help win the war—and bring HIM home sooner.

After the war, you'll be able to enjoy the comfort and convenience of vastly improved Gas appliances . . . that kitchen you've dreamed of owning, that ideal basement room. Just now the thing we all have to work for is . . . victory—and the return of our boys to peacetime pursuits.

Natural Gas is vital to war industries . . .

Use it wisely!

Georgia Clings To Top Place In Associated Press Poll To Decide Best College Football

BY HAROLD CLAASSEN
New York, Nov. 17.—(P.)—Georgia clung to first place in the Associated Press poll to determine the nation's best college football team although its share of the first place votes slumped from 76 per cent a week ago to 54 per cent in today's tabulation.

Much of the favoritism switched to Boston College but the Eagles were unable to better their third place rating behind Georgia and Georgia Tech.

Sixty-nine of the 123 voting experts figured the Bulldogs were the best although 85 of 112 had that opinion a week ago before the men of Wally Butts buried Chattanooga, 40 to 0.

However, the 56 to 6 pasting the Bostonians applied to Fordham brought them 37 first place votes in contrast with the 10 last week. Georgia Tech, which downed Alabama, gained points and respect but also lost first place votes in the general swing to the Eagles.

All three top clubs are unbeaten and untied, a situation that may last until the two Georgia teams collide and Boston College meets its arch foe, Holy Cross. The winner of the southern battle and the Eagles have been labeled as prospective foes in the Jan. 1 Sugar Bowl contest.

Michigan, which beat Notre Dame, vaulted from sixth to

fourth place while the Irish skidded from fourth to eighth.

Three other big ten clubs in addition to the Wolverines gained rankings in the first ten. Ohio State grabbed fifth place, Wisconsin seventh and Minnesota tenth.

Tulsa, also unbeaten and untied, swirled into sixth after its 24 to 0 victory over highly rated Baylor last Saturday.

Good Bear Season Is Reported In Prospect

Harrisburg, Nov. 17.—(P.)—The game commission today predicted "a sizeable army" of hunters will participate tomorrow in opening the three-day Pennsylvania black bear season.

"We believe the supply is as good as last year when 593 bears were killed," the commission reported. "Prospects for a large kill are very good."

Director Seth Gordon warned hunters that bears killed must be more than one year old. Each hunter is permitted to kill one bear while a party of three or more is allowed two.

MURDER on the Campus

Chapter 21
Good News
TODD picked a letter out of the mail table as he walked in to lunch. He tore it open and read it eagerly at the table.

Eddie watched him closely. When lunch was over he cornered Todd in the living room.

"I don't know whether you realized it or not, but you lost your sourpuss for a moment while you were reading that letter. In fact, I thought you even cracked a smile at one spot. Your first in days. Was the letter the remedy?"

Todd pulled Eddie down onto the sofa. "It was," he said soberly. "One of those things that shows a guy the brighter side. It was from my father. He's here—he says—they set his parole for two months from now. Jeppers, Ed, that's wonderful, isn't it? Just two months!"

Luttrell slapped Todd's thigh. "It's great. I'm glad for both of you. And it's bound to make a difference—a whole of a difference. You know what I'm talking about, I hope."

Todd grinned sheepishly. "Yeah, pal—I know. Gee, this feels good."

It was good news Todd had received, but there was a qualifying note in it. Duke Malone expected to be paroled in two months but in that time he had to figure out a way to raise some money. A lot of money, it appeared to Todd. Three thousand dollars.

Duke Malone was going to give up gambling. For good. For \$3000 he could buy into a small manufacturing business a friend was starting.

There were men who owed him plenty but it was a funny thing. Duke told Todd, how easily they forgot, or found themselves unable to help. He'd get that money, though.

And it wasn't to be Todd's worry, either. The Duke was pretty insistent about that. They each had their own private little battle.

Susan Needs A Rest
STATE was scheduled to travel that week-end, going to Northwestern. Thursday noon Peggy Cannon came up with the bright idea. She cornered Susan, Amy, and Jane. "How about us piling into my little ol' prairie schooner tomorrow and driving up to the game? We can stay at the Northwestern chapter house and it'll be lots of fun. How's it sound?"

"Wonderful!" Jane enthused. "Count me in."

"Me too," Amy chimed. Susan was silent. They looked at her questioningly. "What's the matter Susan?" Amy asked.

"I think I'll pass it up, gals. Thanks much, though. I just don't feel like it. Anyway, it's a good chance to get in a lot of solid rest with the football fever on somebody else's campus for a change. But don't let me stop you. Get hold of Alice Duncan, she'll go for it."

"Hey!" Amy protested, "you can't do that."

Susan laughed shortly. "Under penalty of death, no doubt. Nope," she added conclusively, "deal little Susie out this hand. I'll get the gory details on the radio."

After they had left, Susan felt just the slightest pang of regret, but she knew it was fleeting. She needed a week-end of rest. The

PIAA To Hold Tournament Next Spring

BY JERRY WEINSTEIN
Harrisburg, Nov. 17.—(P.)—Despite war restrictions on travel, the Pennsylvania Interscholastic Athletic Association will hold its annual basketball championship tournament in 1943 and will make every effort to conduct similar state-wide events in wrestling, swimming, gymnastics and other minor sports.

Adopting a "keep 'em playing" slogan to cooperate with the armed forces in promoting physical development of teen age youth, PIAA's board of control agreed to speed up its program and to urge more high school students to participate in a large number of athletic activities.

At its annual meeting here yesterday, the board passed four amendments to be submitted to the more than 900 member schools for approval. They call for:

1. Prohibition of Sunday interscholastic games.
2. Repeal of the eight-semester rule and the enactment of another stating that a pupil shall not be eligible if he fails to attain promotion from the highest grade in the school and is repeating that grade.
3. Addition of the executive secretary of the Pennsylvania State School Directors Association as an advisor on the PIAA board of control, pending additional approval of the school directors group.
4. Granting the board power for the duration and six months thereafter to liberalize the interpretation of eligibility to schools and contestants where necessary to meet war conditions.

East Stroudsburg Champs of State Teachers' Colleges

Philadelphia, Nov. 17.—(P.)—A 95-yard run for a touchdown by Eddie Magalski last week made East Stroudsburg the 1942 champions of the mythical State Teachers' Football conference.

The odd part about Magalski's long run is that he doesn't play for East Stroudsburg. He is a halfback on the Mansfield team. On the strength of his run Mansfield tied the previously unbeaten and untied Lock Haven Eagles, 6-6.

While this was happening East Stroudsburg was running up four touchdowns on last year's titleholder, West Chester, to win by 26-0 and finish its "league" season undefeated and untied in four games. Lock Haven also finished undefeated, but with one tie.

East Stroudsburg and Lock Haven didn't meet during the season, but for comparison purposes are the following scores: Lock Haven 20, West Chester 13; East Stroudsburg 26, West Chester 0; East Stroudsburg 12, Mansfield 0; Mansfield 6, Lock Haven 6.

Indiana, beaten by Lock Haven, 21-7, and by West Chester, 20 to 0, finished in third position with four wins against two defeats.

The climate of the Fiji Islands is usually mild for the tropics, the temperature seldom rises above 90 degrees.

Covering The Sports Front!

By "BOB" JOHNSON
Tomorrow opens the bear season for 1942 and as the hunters prepare their rifles and get together for their last-minute preparations the talk about a tracking snow has just about ceased. Many nimrods are at a complete loss without the snow to hunt down the wary brute and as the last bit of it has melted off the hills and ruined their outlook, maybe the kill this year will not be as great as last, even though there are many more bears than in other years.

The still hunter or stump hunter will not be in the least affected and probably rates a bigger chance than in the last couple of seasons. Farmers in the vicinity report seeing more bear than ever before, even to the extent of coming into their pig pens and killing the hogs, although many dispute the truth of that. Some vicinities have a large amount of feed for bear and, although others lack the proper environment, as a whole the forests are far from bare and this fact should make this season one of the best, except for the tracking snow, which the hunter probably will have to do without.

A hunter last week had occasion to shoot a rabbit out of a tree at an estimated 15 feet from the ground. His dog actually treed the rabbit—it ran up a slanting dead tree and came out on a limb, from where he nailed it. Probably one of those from the court of missing hares—did you hear that? ... Either the nimrods are saving their empty shells until the end of the season or they just don't care. None of the Janestown pair off in their second contest this year on Friday and will try to rub out that tie they played previously. If you're looking for a better game than the Michigan-Ohio State set-up this week, you needn't go any further, because it can't be done. This rivalry has drawn a million fans in the past fifteen years. ... Wonder who you could parallel Frankie Sinkwich of Georgia with if you were to dig up the greats of football history. Or will he be gone and forgotten like so many others? ... The inventor of the catcher's mitt died Sunday. He was Joe Gunson and he invented it because of a finger injury which otherwise would have kept him out of the lineup. ... Guess Mr. Rice and yours truly will have to switch to Sunday. Let's get it over with, anyway.

SHEFFIELD NEWS

Sheffield, Nov. 15. The Lincoln School Mother's Club will meet Wednesday afternoon at 2.30. The program will be given by the second grade. The speaker for the afternoon will be H. L. Blair, Superintendent of the Warren county schools.

Miss Evelyn Norlin entertained Friday evening in honor of Mrs. Ernest Kennard of St. Marys. Games were enjoyed and at a late hour refreshments were served. The guest of honor received many lovely gifts. Guests from out of town were Mrs. Arthur Kennard, St. Marys, Mrs. Roland Peterson, Kane, and Mrs. Miner Anderson, Warren.

The Young Woman's Missionary Society of the Bethany Lutheran church will meet Tuesday evening in the church parlors.

Mr. and Mrs. A. M. Gibson were in Brookville, Sunday to attend the funeral of Miss Mary Richard of Erie. Miss Richard was a sister of Mrs. J. M. Montgomery, formerly of Sheffield.

Mr. and Mrs. Joe Pastrick are the parents of a son, born last Friday at the Kane Community hospital. Mrs. Pastrick was formerly Miss Doris Nelson.

Smothered Liver and Vegetables (Liver With Vitamins A and B)
1 pound beef or pork liver
1 cup flour
1 teaspoon salt
1 teaspoon oil
1 teaspoon onion
1 teaspoon paprika
1 teaspoon pepper
1 cup boiled rice
1 cup cooked sliced carrots
1 cup tomatoes
1 cup finely chopped onion
1 tablespoon chopped parsley
1 tablespoon butter or margarine
1 cup milk

Cover liver for 10 minutes with boiling water. Drain and wipe dry. Roll liver in flour with seasonings added. Place in shallow buttered baking dish. Cover with rice and carrots. Add rest of ingredients, blended. Cover and bake an hour in moderate oven. Uncover last 10 minutes to brown the top. Serve in baking dish.

Reduction in Gas Coupons is Expected
(From Page One)

Johnson's resolution automatically would forestall nationwide application of gasoline rationing for three months to give the board a chance to complete a survey. It was referred to the banking and currency committee, several members of which have been outspokenly opposed to extension of rationing into areas having plentiful supplies.

Cleveland, Nov. 17.—(AP)—Warren C. Platt, editor of the National Petroleum News, declared today an FBI investigation into the origin of reports of a second postponement in nationwide gasoline rationing is "a gastaop-like operation" and a "palpable effort to subvert the people's right to petition their government."

His declaration to a Cleveland news reporter came after the regional Office of Price Administration here said it wanted to know what was back of a flurry of false rumors, current in Cleveland, Detroit, Chicago and other midwestern cities, that there would be a second postponement. The regional Office of War Information announced the FBI was attempting to learn the sources of these reports.

Platt declared such rumors are really nationwide protests against the compulsory rationing program.

The Australian navy and munitions minister, Norman J. M. McKinnon, said the Solomon's action would give Australia much needed relief from the possibility of invasion, but he termed it only a round in the fight to free the western Pacific.

London newspapers headlined the battle as "the greatest sea battle of the war."

The Daily Express said: "It likely will prove to be the decisive action of the whole campaign."

Meanwhile the Office of War Information at Washington recorded a Tokyo broadcast in which the Japanese people were told the American navy's "miserable defeat is kept in the dark."

The Japanese command's exaggerated claims of virtual destruction of American naval power were repeated.

ONE PLAIN DRUNK
Justice Greenlund this morning at the Police Court. He was picked up last night and cooled off after a night in the bastille. The usual fine and costs were imposed.

GOOD TALK PLANNED
This evening members of the advanced class of the Auxiliary Police will be given a two hour talk that promises to be most interesting. It has also been learned that the helmets for the auxiliary police and air raid wardens have arrived, have been numbered and will be ready for distribution in the near future.

INVESTIGATED FOR GAS
Saturday night the emergency truck of the fire department was sent to the Wendelboe building on Liberty street. A smell of gas was noted in the building and an investigation was made of the Wendelboe building and two adjoining structures. It was suspected that some person had dumped some gasoline or lighter fluid in a sewer.

HERE FOR TRIAL
A new two-horsepower air raid siren has been shipped to the city for testing and will be given a try-out in the near future. It is expected that two or three small sirens may be installed about the town, as difficulty is reported in hearing the big siren now in use. The matter of bombs for alarms has been definitely ruled out by the National as well as the State Council for Defense.

HARVEST HOME DINNER
Warren Grange will enjoy its annual Harvest Home dinner to the public on Wednesday evening in the Grange Hall on Hickory street. This promises to be a most enjoyable occasion and a large number will be in attendance.

VALLEY HAVING BENEFIT AND MEETING
Valley Grange will hold a benefit dance on Thursday of this week and invites the public. On Wednesday evening, the unit will hold its regular meeting, with election of officers for the coming year, and all members are asked to be on hand.

WAR BULLETINS

(From Page One)
persons were killed and 68 seriously injured in a head-on collision of two trains today on the main railway of Indo-China, some four miles outside of Hanoi, the capital.

London, Nov. 17.—(AP)—A Reuters report, issued under an "At the German Frontier" dateline, said today that Field Marshal Erwin Rommel had been holding conferences with Adolf Hitler, Gestapo Chief Heinrich Himmler and other high Nazis at Munich which were likely to affect the whole Axis general staff.

New York, Nov. 17.—(AP)—An indication that the enemy submarine carrying Nazi saboteurs from France to Florida last June was bombed en route was given yesterday at the treason trial of Anthony Cramer, German-born mechanic, charged with aiding two of them.

London, Nov. 17.—(AP)—Westminster Abbey will be given over to the United States forces here for services on Thanksgiving Day, November 26, it was announced today.

TIMES TOPICS

TEST WAS A SUCCESS
Chairman of the County Defense Council, Allen Gibson, reports that from all parts of the county word comes that the test was a distinct success. Air raid wardens and auxiliary police were on the job and handled the situation well. In Sheffield especially the alarm was well respected and the new air raid siren at Barnes was used for the first time. It could be heard over a long distance but could not be heard at East Branch.

ON WAY OUT
Displays of toys about the city show most strikingly the effect of the war and the demand for metals of all kinds. Plastic toys are noted and many of wood and paper. Cotton toys are also shown. There are few sleds and large toys of metals and only those made by the freezing of metals are offered. Shoppers desiring that type of toy must be early buyers as the supply is limited. The war is also reflected in the titles of the games offered as most of them are suggestive of the fighting.

ORGANIZING AT LANDER
Work of organizing an air raid wardens post at Lander is under way under the direction of the Rev. William Fuller. Rev. Fuller was in Warren yesterday while the raid test was in effect here and visited the control center. He also secured literature and instructions for his work in Lander. Rev. Fuller had come to Warren to attend a meeting of the Ministerial Association and spent most of his time at the Control Center and Council of Defense headquarters.

Mr. Fuller said he had attended said meetings for 30 years, but this is the first time I ever saw a control center operate, so I can be late for the meeting."

MEN ARE NEEDED
Another column appears an advertisement for men who are desired at the plant of the National Forge and Ordnance Company at Irvine. The need is great and as the company is manufacturing products vital to the war program there should be a ready response. Perhaps never in the history of Warren have so many men been at work in the manufacturing plants as at the present time. The banks reflect the effect of the steady work and the bank reports show deposits on the climb. This in addition to the many thousands of dollars that are being invested in Defense Bonds. The scarcity of houses and apartments is also an accurate barometer of the good times being enjoyed.

Rommel Is Still On Run

parently in the El Aghaila area, some 400 miles from the main Axis base of Tripoli.

Neither was the whereabouts of Rommel's remaining airplanes—if any known, for U. S. Middle East headquarters said its fighters scouted the desert skies yesterday without finding a sign of an enemy craft.

Bad weather interrupted the strafing and bombing activities of the Allied air forces and Rommel's tired troops apparently enjoyed their first day of rest from aerial attacks in more than two weeks.

Darlan Status Is Discussed in Commons
(From Page One)
ment must give a further explanation lest the Darlan incident harm the British cause despite Attlee's prior assertion that nothing more could be said on the subject for the present.

Attlee said he would leave a full statement on Darlan's position to Prime Minister Churchill. De Gaulle yesterday had disassociated the French National Committee from the dealings with Darlan.

Barbara Just Taking A Rest

Beverly Hills, Calif., Nov. 17.—(AP)—Barbara Bennett, whose desire for a little rest caused southern California police officers to lose a lot of it, is safe at home and says she can't understand what all the fuss was about.

While the widespread search was on, Miss Bennett said, she was in seclusion in a rest home and knew nothing of the alarm her absence had caused. She was reported missing Saturday morning by her husband, Addison Randall, screen cowboy.

Miss Bennett, former wife of Singer Morton Downey, left her apartment Friday evening, presumably to keep a dinner engagement at the home of James Doane, actor's agent, and Mrs. Doane.

"But I changed my mind," Miss Bennett explained, "and didn't go there. Instead I went to another friend's home and telephoned the Doanes, that I wouldn't be at the dinner."

When Randall filed his missing persons report at police headquarters Saturday he said she was "somewhat intoxicated" when she left their apartment Friday night.

Spearheads Are Aimed at Tripoli
(From Page One)

erican and fighting French forces have been reported gathered in the north of French equatorial Africa. It is roughly 1,000 miles from the Lake Chad country to the Tunisian border, however.

Meanwhile, weather over the Libyan desert curtailed aerial activity, and a United States communique from Cairo said American reconnaissance planes patrolled the desert without encountering the Tunisian test. One of these divisions numbers some 7,500 fighting troops, 2,500 service troops, and more than 200 tanks.

In the air and, to a lesser extent, at sea, the battle already was joined as Malta-based planes of the RAF continued to batter at the Axis-held airport near Tunis, but a spokesman at Allied headquarters in North Africa said last night reports of fighting between Allied and Axis troops at Bizerte were premature.

French forces in Tunisia already were fighting the Germans and Italians. The American consul at Tunis, who managed to make his way out of the Axis-held city after the capture of Tunis, said that French troops near Tunis had thrown back German patrols and "the French population is eagerly awaiting the arrival of the Americans."

The consul added that "the large Italian settlement is frightened at death."

(The dispatch did not name the consul, but the state department at Washington said Hooker A. Doolittle, native of Mohawk, N. Y., was the consul at Tunis.)

French troops apparently were joining the British and American columns speeding to battle as they passed through the Tunisian countryside, a communique from Allied headquarters reporting that "small French military units have begun to cooperate with the eastern and center task forces."

At Oran, a French force joined United States troops at their Algerian stations, the communique said.

While the activities at sea were clouded in secrecy, the British navy unquestionably was contesting any Axis effort to reinforce the Nazi garrisons in Tunisia by sea, and a communique said the royal navy maintains control of the western Mediterranean and its approaches.

Willkie Asks Understanding on War Aims
(From Page One)

"We must know what the people of Russia and China aim for and we must let them know our aims. It is the utmost folly to take just short of suicide—to take the position that citizens of any country should hold their tongues for fear of causing distress to the immediate and sometimes tortuous policies of their leaders," he continued.

Henry J. Kaiser, west coast shipbuilder, scouted the idea that the greatest depression in history would follow the war, declaring "there are no barriers, obstacles, impediments or blockades which can stop the productive forces of America, once they are organized and released for reconstruction and advancement."

MacArthur Is In Charge of Buna Battle
(From Page One)

testified to the importance attached to the job of clearing the enemy out of Papua. But MacArthur's forces were keeping up with their tasks in other sectors, too.

One has a view of 150 miles of snow-capped mountains from the dome of the state capital at Denver, Colo.

Wishful Thinking Won't Destroy Tokyo

It'll take men, material—and YOUR money!

Before we can knock the Japanese to their knees, you and everyone of us are going to have to put at least 10% of our pay into War Bonds. Not somebody else, but you and me—NOW!

Because all-out war takes money. You can't buy Victory at the dime store. If you think so, take a look at what a 2,000-plane raid* takes in men, money, and materials:

- Value of planes participating, \$600 million
- Cost of fuel consumed, \$11 million

- Cost of bombs dropped, \$12 million
- Total men involved on ground, 240,000
- Total men involved in air, 12,000
- Probable losses in airmen killed or captured, 400
- Probable losses in planes, 79

Total cost—*Everybody all-out for Victory and everybody putting at least 10% of pay every pay day into War Bonds!*

Destroying the military heart of Japan is definitely worth it. Are you saving your 10%?

DO YOU KNOW?

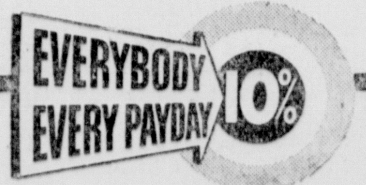

When you buy WAR BONDS, you're saving, not giving! Series E WAR BONDS are worth 33 1/3 percent more in 10 years! You get back \$4 for every \$3 you invest!

These BONDS, when held to maturity (10 years), yield 2.9 percent per year on your investment, compounded semiannually!

Joining a Pay Roll Savings Plan makes saving easy! Joining your bank's Victory Club (it works like any Thrift or Christmas Club) is a convenient way to save for War Bonds for those who aren't members of a Pay Roll Savings Plan.

You can have enough money to do a lot of things you'd like to do, and to buy the many things you'll need after the war is over, if you save enough in War Bonds every pay day NOW!

You can start buying WAR BONDS by buying War Stamps for as little as 10 cents.
